## Builders International

### Building Storehouses to Hold the Harvest

#### Points of Prayer:

- God's wisdom for the task ahead!
- Finish fund raising SOON!!!
- Divine appointments with churches and individuals!
- Safety for our family.

#### Praise Reports:

- 80% of budget raised!

#### Update...

Every 33 minutes a new Assembly of God church is planted around the world! We look forward to partnering with our missionaries to build desperately needed Bible Schools for training pastors to lead this growing church. Praise the Lord...we're getting closer everyday! We are now past the 80% mark in completing our budget! We feel God's grace over us as He is preparing us for the work that lies ahead!

**THANK YOU FOR YOUR LOVE, ENCOURAGEMENT, SUPPORT AND PRAYERS...WHEN WE GO, YOU GO WITH US!!!**

#### Our next Step...

We have \$1,000/mo left to raise. Our goal is complete itineration by the end of December and begin working our field assignment with Builders International in January. We will be serving as Directors of Project Management, overseeing the construction of Bible Schools and churches around the world. Argentina, Sri Lanka, Cambodia, and the Philippines are just some of the places we will be. Thanks for making it possible to fulfill the call God has placed on our lives. You are truly a part of everything we do!

#### MK (Missionary Kid) Corner...

"Where's my class?" This is Lynzi's famous question...the first question she asks when she steps into a new church! She makes friends instantly and feels like she is at home everywhere...thank God for flexible children! Lynzi is 3 1/2 and Asher is now 8 1/2 months old and getting into everything! Check out our blog at [www.ryanandlaci.blogspot.com](http://www.ryanandlaci.blogspot.com) if you would like to keep up with our family!
